**STADIUM METROPOLITAN DISTRICT
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the El Paso County, Colorado District Court on November 20, 2019 and is governed pursuant to provision of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the City of Colorado Springs, Colorado on September 24, 2019. The District's service area is located in the City of Colorado Springs, Colorado.

The District was established to provide the financing, design, acquisition, construction, completion, installation, replacement and/or operation and maintenance of public improvement and services, including the following types of improvements: water, sanitation, streets, traffic and safety protection, parks and recreation, transportation, television relay and translation, mosquito control, security, business recruitment, and fire protection.

On November 5, 2019, the District's voters approved total indebtedness of \$480,000,000 for the above listed facilities. The District's voters also authorized total indebtedness of \$40,000 each for debt refunding and debt related agreements or other contracts with other public entities. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution. Pursuant to the District's Service Plan the maximum debt issuance is \$50,000,000 without further approval by the City. The maximum debt service mill levy the District can impose is 50.000 mills and operations and maintenance mill levy impose is 15.000 mills.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting, in accordance with requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

PIF Fees

The District charges a public improvement fee (PIF). The nature of the PIF is that of a fee imposed under private contract and not through the exercise of any governmental taxing authority. The PIF is applied to the sale of goods at a rate of 2.00%, in addition to all sales and use taxes that may be imposed and is collected by the retailers in the District and remitted to the District within 20 days after month end.

Developer Advance

Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.

Operating Leases

The District accounts for contracts containing both lease and non-lease components as separate contracts when possible. In cases where the contract does not provide separate price information for lease and non-lease components, and it is impractical to estimate the price of such components, the District treats the components as a single lease unit.

The District leases certain areas of the stadium facility to a related party, and a related lease receivable and deferred inflow have been recorded. The lease provides for minimum annual lease payments of \$12,000 through December 31, 2051. The District has elected to recognize payments received for short-term leases with a lease term of 12 months or less as revenue as the payments are received.

The District has no capital leases.

Reserves

Emergency Reserve

The District has provided for an Emergency Reserve equal to at least 3% of fiscal year spending as defined under TABOR.
